K4neX writes... There was a discussion on this in a Tucson long term review and someone commented that if
you just speak normally instead of raising your voice, your voice would go through to the other end just fine.

Over the last month we have noticed when putting the Santa Fe into reverse and then starting to move a big
clunking sound as we reverse, basically sounds like we are reversed into something, scared the flap out of
me, it is becoming more frequent.
